Dear Sir,

Thank you for your confirmation.

Please proceed with the additional kinematic viscosity testing at 50°C and 100°C for the previously submitted diesel samples, as mentioned in your trailing email.

We value your opinion please take a moment to supply your comments by completing the following brief survey.

*** WARNING: this message is from an EXTERNAL SENDER. Please be cautious, particularly with links and attachments. ***

Dear Sir,

Thank you for providing the test reports.

Due to a sudden additional project requirement, we kindly request SGS to provide viscosity test results at 40°C, 49°C, and 100°C for the previously submitted oil samples.

Could you please confirm whether it is possible to conduct these additional tests using the samples already available at your laboratory?

If sufficient sample quantity is available, we would appreciate it if you could proceed with the additional testing and issue the revised test reports at the earliest possible date.

If the existing samples are insufficient, please inform us so that we can arrange to send fresh samples.

We are willing to pay any additional charges required for these tests. Kindly confirm the additional testing cost and expected completion date.

As this is an urgent project requirement, your kind cooperation and prompt support would be highly appreciated.

Thank you for your understanding and assistance.

Best regards,

SUNIL

Dear @SUNIL,

Good day,

Please find attached our quotation for the following Fuel Oil (Diesel) samples for your review and confirmation.

- **Sample 3:** Fuel Oil (Diesel) – 5542 DRA
- **Sample 4:** Fuel Oil (Diesel) – 2178 ZXA
- **Sample 5:** Fuel Oil (Diesel) – 3420 ASA

We will arrange to issue the Pro Forma invoice for payment processing.

Analysis will proceed upon receipt of the samples and confirmation of payment.

Kindly review and confirm your acceptance of the quotation to proceed.
